The Association of Employment Professionals was established to provide a channel for addressing & servicing employment-related needs of the professional human resources and business community and be the catalyst for increasing the awareness and the appreciation for the business impact the employment function has on all industry segments. Our mission is to educate the human resources community on the value, competencies, practices & processes of the employment function. We have established a unique and dedicated focused network to address all elements of the employment function: whether Corporate, third party service provider, consultant or contractor. A key benefit is the networking and practice-sharing among members and participants.
